Skills

Computer Skills Rust, Python, Mathematica, LaTeX, Excel

Experience

Clemson Department of Physics

Aug 2025 – Present

Graduate Student

- Graduate teaching assistant
- Began the development of an MHD simulation code

Ohio State Department of Astronomy

Aug 2024 – Aug 2025

Student Research Assistant

- Continuation of summer research, looking for deep dimming events in ASAS-SN
- Continued development of science communication
- Wrote and published a research paper

Ohio State Department of Astronomy

Aug 2024 – Aug 2025

Student Instructional Assistant

- Work in data analysis class, assisting students
- Grading of submitted assignments
- Organizing and hosting office hours
- Creation of complementary material for class and assignments

Ohio State Department of Astronomy

May 2024 – July 2024

Summer Undergraduate Research Student

- Used Python to carry out a search for deep dimming events in ASAS-SN
- Accessed data from remote computers
- Conducted a large scale search in the data for specific targets
- Wrote and published an Astronomer's Telegram about a deep dimming event that I found using my search
- Gave a talk at the end of the summer the results of my research

Ingersoll Rand (ARO)

May 2023 – Aug 2023

CX Project Summer Intern

- Worked with the costumer service team to prepare information for clients such as Grainger
- Worked with large amounts of data from the Product Information Management database
- Compiled and organized the data for future use

Education

Clemson University

Aug 2025 - Present

Doctorate of Philosophy in Physics

Ohio State University

Aug 2021 - May 2025

Bachelor of Science in Astronomy and Physics

GPA: 3.508

Montpelier High School

Aug 2017 - May 2021

Salutatorian
